

High Risk

Remote Care for High Risk Patients

using Vivify Pathways™

High Risk patients account for 50% of healthcare costs. These are complex patients requiring continuous care, customized care plans, frequent education and virtual visits. **Vivify Pathways +Home's** fully-managed kits are just the solution.

Save Patients.

Instant-on Health Kit. Our instant-on Pathways +Home health kit combines the best in usable interfaces with cutting-edge Bluetooth devices, already setup and delivered anywhere it is needed.

- An integrated package with 4G tablet and wireless health devices
- No wires, no setup, simple instant-on and connected care
- All devices are remotely managed and supported by Vivify
- Highly secured HIPAA-compliant authentication and encryption

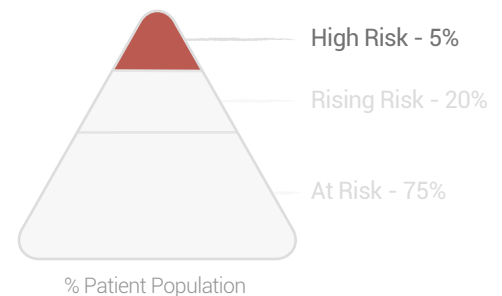

Continuous Connected Care. By employing our solutions, you are creating a continual relationship with the patient that is proven to reduce costs, improve outcomes, and bolster a patient's overall well-being.

- Integrated Bluetooth wireless health device communications
- Patient-guided care plans, health surveys and educational videos
- One-touch video conferencing for virtual visits and reimbursement
- Coaching content, changing with each step of the assigned care plan
- Continual automated "health score" providing clarity of current
